WORKSHOP SERIES

Thank you for inquiring about our skills building and personal development workshop series. Our hands-on interactive workshops are designed to provide students with life-enhancing information that boost self-esteem, improve language arts skills, stimulate critical thinking, and that prepares them for personal, professional and academic success.

As sole source providers of innovative educational resources to schools throughout the New York area we are committed to providing the youngsters and communities we serve with the highest level of quality products and services.

PROGRAM 1 – JUNIOR JOURNALIST SELF PUBLISHING LITERACY SERIES

This 16-weeks program is designed to teach elementary and middle school students the fundamentals of book publishing and basic writing skills. Over the 16-weeks period students will learn how to create engaging story-based word search puzzles on a variety of subjects that will be organized into a booklet and published at the conclusion of the program.

PROGRAM 2 – LIFE LESSONS PERSONAL DEVELOPMENT SERIES

This 10-weeks program is designed to help middle school and high school students successfully deal with the challenges of everyday life and to help them overcome potential barriers to learning. Over the 10-weeks students get a chance to meet and dialog with community leaders, business owners, entrepreneurs, and other successful professionals from various industries and backgrounds.

Workshops generally run from 45 minutes to one hour and can be conducted mornings, afternoons or evenings. To schedule a Junior Journalist Self-Publishing Literacy Program or Life Lessons Personal Development Workshop Series for your school, organization, or program, contact Kevin Dunn at 718-538-6102 or send an email to kevin@puzzlesforus.com.

"We are particularly interested in this series since it is both educational and fun. It also allows our students the opportunity to be involved in academics with a direct emphasis on their culture and heritage." - Tira Randall, Principal - Bushwich High School

Puzzles For Us | Invision Publications is a New York City Department of Education sole source provider of multicultural products and services that connect children and adults to life-enhancing information and resources in a fun way.
